Subject: electric vehicle mandate

Dear Secretary Garvin:

I am writing to you because I am opposed to the mandate regarding electric vehicles. I believe that anyone who wants to buy an electric vehicle should buy one, but there should not be a mandate.

I do not believe that electric cars are better for the environment after you consider the impact of mining and the serious environmental waste from the batteries that cannot be recycled.

Furthermore, I live in Sussex County and worry if we have to evacuate, I will run out of power before I can get to safety.

Please reconsider the electric vehicle mandate. It will cost me my livelihood, my freedom to travel with my family, and my freedom to travel when and where I choose.

Thank you SO much for considering the interests of your constituents.

Sincerely,

Jacalyn Book
