Subject: "No" to the Electric Vehicle Mandate

You should know that I attended the Town Hall Meeting on March 21, 2023 in Millsboro to become educated on this proposed Electric Vehicle Mandate that DNREC is putting forth.

I want you to know that I am strongly opposed to this mandate and would encourage DNREC to consider all the poor ramifications that are inherent in this plan. Had you been in attendance at the meeting, I am sure you would have realized that the majority of the 300-plus folks in attendance were against this proposal and want DNREC to drop the proposal in its entirety.

I look forward to DNREC dropping this very dumb idea.
