I vehemently OBJECT to banning gas-powered cars, and I vehemently object to the government, at any level, continually forcing me to accept their leftist, progressive policies which are destroying our country. Most recently this blasphemous Respect for Marriage Act which is a slap in the face to all Christians in this country!

NEWS BULLETIN: California government is terrible; not to be followed. Tyranny is running wild in this country with the Biden criminal organization, as well as the Newsom criminal organization. Stealing from Americans on a daily basis to enrich themselves. God help all of you.

And please tell me WHY our Delaware U.S. Attorney has failed to prosecute Hunter Biden and the corrupt Biden regime!
