I've been waiting 2 years now. Not sure the California regs is the way to go with the supply chain shortages facing automakers and electric vehicles. This will cripple small business.

# Your invitation to order the 2023 F-150<sup>®</sup> Lightning<sup>®</sup> is expected to come early this summer.

JASON,

We're excited to tell you that we expect that you will be invited to order your Ford F-150 Lightning **early summer of 2023**. This estimation is based on multiple factors, including when you originally submitted your reservation, and is subject to change, but we will do our best to stay close to this timing.

If you are invited to place an order and decide not to, we'll keep your invitation open until you cancel or until ordering closes for the 2023 Model Year.

If you do not submit an order before we close ordering, around August of 2023, we will cancel your reservation and refund your deposit.

We can't wait to get you behind the wheel of your F-150 Lightning.
