To: Krall, Kyle (DNREC) <Kyle.Krall@delaware.gov>

Dear Kyle,

I oppose the E.O. directive by Governor Carney.

First of all, the bypassing our State Legislature on an issue affecting most State residents is not effective governance.

Secondly, as a Senior citizen who lived in California for 15 yrs,, and follows its current situation, the State is losing the highest number of residents in the nation. Why ? costs and ineffective governance.

I urge you to bring these issues before the Legislature for discussion.

Sincerely,

Mary Beth Brocklebank
