I am writing to ask to NOT follow California's no emissions mandates. By doing so may eliminate my job, I work in automotive parts and repair maintenance for a major Chicken company. If the company is forced to purchase or lease a new fleet, they may just outsource transportation all together. Myself and a whole lot of people would be out of work. Then, how would we afford to purchase an expensive electric vehicle? Which is also a concern, I cannot afford an electric vehicle that fits my needs.
DO NOT DO THIS! BAD FOR DELAWARE AND ALL THAT LIVE HERE! WE ARE NOT READY!
