Secretary's Order No: 2021-F-0016

RE: Approving Final Regulation, pursuant to 7 Del. C. §903(e)(2)a.1, to Amend 7 DE Admin. Code 3503: *Striped Bass Recreational Fishing Seasons; Methods of Take; Creel Limit; Possession Limit*

Date of Issuance: June 10, 2021

Effective Date of the Amendment: 48 hours following publication of this Secretary's Order and regulation on the Department's website

Under the authority vested in the Secretary of the Department of Natural Resources and Environmental Control ("Department" or "DNREC"), pursuant to 7 Del. C. §903(e)(2)a.1, and all other relevant statutory authority, the following findings of fact based on the reasons and conclusions are entered as an Order of the Secretary in the above-referenced regulatory amendment.

Notwithstanding 29 Del.C. Ch. 101 (which sets forth the standardized procedures whereby a state agency shall promulgate regulations), the Department also has the statutory authority under 7 Del. C. §903(e)(2)a.1 to promulgate certain regulations in order to adopt a specified management measure for finfish, subject to 7 Del.C. Ch. 9, *Finfishing in Tidal Waters*, by the issuance of a Secretary's Order. The Department is allowed to follow this abbreviated regulatory promulgation process only in instances where the management measures are specified by, and ensures compliance or maintains consistency with, a fisheries management plan or rule established by the Atlantic States Marine Fisheries Commission, the *Atlantic Coastal Fisheries Cooperative Management Act*, the Mid-Atlantic Fishery Management Council, or the National Marine Fisheries Service.

Whenever the Department promulgates a regulation pursuant to 7 *Del. C.* §903(e)(2)a.1, it shall also (1) publish on its website a public notice with a copy of the Secretary's Order and final regulation that implements the specific management measure; and (2) file the Secretary's Order and regulation that implements the specified management measure in the next available issue of the *Delaware Register of Regulations*. The final regulation becomes effective 48 hours after the Department has published the aforementioned public notice on its website, as mandated by 7 *Del. C.* §903(e)(2)a.2.

Background, Procedural History and Findings of Fact

This order amends 7 DE Admin. Code 3503: *Striped Bass Recreational Fishing Seasons; Methods of Take; Creel Limit; Possession Limit* as part of an effort to reduce Striped Bass catch and release mortality in the recreational fishery by adopting a specified management measure approved by the Atlantic States Marine Fisheries Commission's ("ASMFC") Atlantic Striped Bass Management Board ("Board"). Specifically, this amendment defines the term "bait" and that bait will require the use of non-offset circle hooks and exempts certain fishing tackle from requiring non-offset circle hooks when fishing recreationally for Striped Bass. This order is required for Delaware to remain compliant with ASMFC Addendum VI to Amendment 6 to the Interstate Fishery Management Plan for Atlantic Striped Bass ("Addendum VI").

The 2018 benchmark Striped Bass stock assessment and peer review conducted by the Northeast Regional Stock Assessment Workshop found that Striped Bass are overfished and overfishing is occurring. Approximately 90% of Striped Bass removals were attributed to the recreational fishery and recreational removals attributed to catch and release mortality were estimated to be as high as 50% of the total recreational removals in recent years. Non-offset circle hooks have been shown to reduce release mortality of recreationally caught Striped Bass. Delaware adopted a circle hook requirement for anglers fishing with bait and targeting Striped Bass as of January 1, 2021 in accordance with Addendum VI. However, the Board subsequently realized that the circle hook requirement as written in Addendum VI was too broad, which led the Board to require that states adopt the ASMFC definition of bait and exempt lures with bait from the circle hooks requirement.

The Department has the statutory basis and legal authority to act with regard to promulgation of the proposed amendments to 7 DE Admin. Code 3503: *Striped Bass Recreational Fishing Seasons; Methods of Take; Creel Limit; Possession Limit*, pursuant to 7 Del. C. §§901 (c & d) and 903(e)(2)a.1.

ORDER

In accordance with 7 Del. C. § 903(e)(2)a.1, it is hereby ordered, this 10th day of June, 2021, that the above referenced amendments to 7 DE Admin. Code 3503: *Striped Bass Recreational Fishing Seasons; Methods of Take; Creel Limit; Possession Limit*, a copy of which is hereby attached, are supported by the evidence contained herein and are hereby adopted. The above referenced amendment shall take effect 48 hours following publication of this Secretary's order and regulation on the Department's website in accordance with 7 Del. C. § 903(e)(2)a.2.

Shawn M. Garvin
Secretary
