

## DNREC Sediment & Stormwater Listserve Update: June 2023

### This month's topics:

1. Program Change – Principal Planner
2. Career Opportunities – Three Openings!
3. 2023 CCR Recertification

#### 1. Program Change – Principal Planner

Bonnie Arvay has accepted another position within the Sediment and Stormwater Program as a Principal Planner. Congratulations, Bonnie!

Bonnie will continue to serve her previous role as the Program Manager II in an acting capacity until the position is filled.

#### 2. Career Opportunities – Three Openings!

The Delaware Sediment and Stormwater Program is hiring!

##### ENVIRONMENTAL PROGRAM MANAGER II

This position is responsible for overseeing the State's Sediment and Stormwater Program as well as the National Pollutant Discharge Elimination System (NPDES) Construction General Permit (CGP) and the Sediment and Stormwater Regulations, and enforcement of and compliance with approved Sediment and Stormwater Management Plans, the NDPES CGP, state and federal laws, rules, and regulations. Program oversight includes coordination and delivery of training programs to the regulated community, coordination of program efforts with the Delegated Agencies and the EPA and responding to stormwater concerns in the State.

The closing date is **TODAY, June 1, 2023**. If interested, please find more information on the [Delaware Employment Link – Environmental Program Manager II](#).

##### ENGINEER I

This position is responsible for implementing the Sediment and Stormwater Program authorities for permitting regulated land disturbing activities associated with construction. This position will also be responsible for reviewing and approving sediment and stormwater management plans for state and federal projects and providing technical guidance to delegated agencies, the regulated community, public and private agencies, organizations, or individuals.

The closing date is 9/11/2023. Interviews will be held throughout the application window until the position is filled. If interested, please find more information on the [Delaware Employment Link – Engineer I](#).

## ADMINISTRATIVE SPECIALIST II

This position is responsible for administrative support to the Sediment and Stormwater Program. The primary duties of this position include managing the eNOI system users accounts and annual fee billings, processing construction general permit approvals and terminations, processing fiscal and contracting documents, providing phone support, and other related administrative tasks.

This position will be posted on the [Delaware Employment Link](#) in the coming days.

### **3. 2023 CCR Recertification**

CCR Recertification is for those CCRs whose certification has expired or will expire in the current year and would like to continue their certification. This eight-hour course highlights any changes in the Sediment and Stormwater Program and Regulations along with newer approaches to stormwater management. The 2023 CCR Recertification will consist of two 4-hour online webinar sessions using a virtual platform (MS Teams), held on **Wednesday, October 4, 2023 and Wednesday, October 11, 2023** from 8 a.m. until noon each day. Eligible individuals will be notified by DNREC's Division of Watershed Stewardship by email with a registration packet in August 2023. Eligible individuals must register for the course, you will not automatically be enrolled.

As of 2021, Contractor Training Program (Blue Card) certification is a pre-requisite for all CCR certifications. This training is available online at the Delaware Learning Center. For more information, please visit the [Sediment and Stormwater Program Training and Certification webpage](#).

**Notification of the CCR Recertification will be made via email.** If you did not provide an email address during your previous training or have changed your email address, please email your full name, CCR number, and valid email address to [DNREC.Stormwater@delaware.gov](mailto:DNREC.Stormwater@delaware.gov) so that we can update our records.
