

DNREC Sediment & Stormwater Listserve Update: May 2023

This month's topics:

1. Staff Change
2. Career Opportunities – Two Openings!
3. Designer Training Modules

.....

1. Staff Change – Administrative Specialist

Heather Harvey has accepted another position and is no longer working as an Administrative Specialist II with the Sediment and Stormwater Program. Congratulations, Heather!

Until this position is filled and to ensure proper assignment and tracking of inquiries, please refer to the following if there is a need to contact the Program:

All general comments or questions: DNREC.stormwater@delaware.gov

Billing: DNREC.stormwater@delaware.gov

Program Administration and eNOI Inquiries: Bonnie.arvay@delaware.gov

Training and Certifications: Sydney.Hall@delaware.gov

2. Career Opportunities – Two Openings!

The Delaware Sediment and Stormwater Program is hiring!

ENGINEER I

This position is responsible for implementing the Sediment and Stormwater Program authorities for permitting regulated land disturbing activities associated with construction. This position will also be responsible for reviewing and approving sediment and stormwater management plans for state and federal projects and provide technical guidance to delegated agencies, the regulated community, public and private agencies, organizations, or individuals.

The closing date is 9/11/2023. Interviews will be held throughout the application window until the position is filled. If interested, please find more information on the [Delaware Employment Link – Engineer I](#).

ADMINISTRATIVE SPECIALIST II

This position is responsible for administrative support to the Sediment and Stormwater Program. The primary duties of this position include managing the eNOI system users accounts and annual fee billings, processing construction general permit approvals and terminations, processing fiscal and contracting documents, providing phone support, and other related administrative tasks.

The closing date is 5/12/2023. If interested, please find more information on the [Delaware Employment Link – Administrative Specialist II](#).

3. Designer Training Modules

Designer Training Modules have been added to the DNREC Sediment and Stormwater Program website. These training modules are provided to assist Sediment and Stormwater Management Plan designers in use of DURMM and design of post construction stormwater best management practices. Training Module 1 is an update to the DURMMv2.5 Quick-Start Guide. Training Module 2 provides Rpv compliance examples for various BMP types. Training Modules 3 and 4 are still in development.

Designer Training Modules are available at the following link:
