- 

### **1. Personnel Changes**

#### New EPS Tech V

The Sediment and Stormwater Program would like to welcome Cody Robinson as the new EPS Tech V-Construction Section Manager. Cody joins the Program after 9 years with DelDOT, specializing in construction management in the subdivision department. Welcome, Cody!

### **2. Sussex Conservation District – Stormwater Seminar Series**

Sussex Conservation District is hosting the final Stormwater Seminars in partnership with the University of Delaware Cooperative Extension (UDCE). This seminar aims to improve water quality through effective stormwater management and best management practices (BMPs). Continuing Education Units (CEUs) are available.

The seminar will be hosted at the Carvel Research and Education Center on November 20<sup>th</sup>, 2024. To register, please visit <https://www.sussexconservation.org/events>.
