[Federal Consistency Certification for Delaware.pdf](#)

---

Good afternoon,

Please see the attached submission of a Federal Consistency Certification and signed Consistency Form for the Maryland Offshore Wind Project prepared by US Wind Inc. under 15 CFR Part 930, Subpart E. BOEM is forwarding this Consistency Certification to the Delaware Department of Natural Resources and Environmental Control in accordance with 30 CFR 585.628(C).

The Maryland Offshore Wind Project Construction and Operations plan (COP) serves as the necessary data and information as required by 15 CFR 930.58. The COP can be found here: <https://www.boem.gov/renewable-energy/state-activities/us-wind-construction-and-operations-plan>.

Please coordinate directly with US Wind Inc. for any additional information (including any confidential appendices of the COP that you may need) and any potential stay agreements. US Wind Inc.'s point of contact is Laurie Jodziewicz who can be reached via email at [l.jodziewicz@uswindinc.com](mailto:l.jodziewicz@uswindinc.com).

Please let me know if you have any questions. Thanks!

Brian
