- Regulations Under Development

The Emergency Planning and Community Right-to-Know Act (EPCRA) Reporting Program, in the DNREC Emergency Response and Strategic Services Section, works with local communities and the regulated community to collect and share information about the storage, use and release of hazardous and toxic chemicals.

The EPCRA program works closely with the [State Emergency Response Commission](#) and its member [local emergency planning committees](#) to enhance state and local emergency response and preparedness capabilities.

Within DNREC, the EPCRA Reporting program is responsible for the [collection and dissemination of information](#) reported under the [federal](#) and [state](#) Emergency Planning and Community Right-to-Know Acts (EPCRA). These include a number of [reporting requirements](#) for businesses, covering information on the storage, use and release of hazardous and toxic chemicals.

Hazardous chemical inventory and related information are entered into a computer system for distribution to emergency planning and response organizations statewide. [Toxics Release Inventory](#) data is also computerized, and publicly available.

Delaware ARP/Tier II Reporting System Help

**Welcome to the Delaware ARP/Tier II Reporting System**

If you are using the system for the first time, register for a new User Account by selecting the New User Registration link. Complete the new user registration form where you will enter an account Username and Password.

Once your User Account has been approved by the administrator, you will be contacted by email. Log into the system. When you log in successfully, the last login date and the last failed login attempt will be displayed.

If you have forgotten your Password, select the Forgot Password? link and follow the steps.

If you would like to reset your Password, select the Reset Password link and follow the steps.

X:-8275752.35467 Y: 4884101.52522 Long: -74.34235 Lat: 40.12485 Scale 1 : 1383224

Access Resource Links for information on Acronyms, Definitions, Using the Map, FAQ's and more.

**Refer to this if you are a first-time user or need help navigating the system.**

If you think of something that would be useful to add, please let us know via email.

# Login : Update My Profile Settings Tab

The screenshot shows a web browser window with the URL `tieri.dnrec.delaware.gov/GISViewer/T2GISViewer.aspx`. The page header includes the Delaware Department of Natural Resources and Environmental Control (DNREC) logo and the text: "ARP/EPCRA Reporting Program, Prevention & Preparedness Branch, Emergency Response & Strategic Services Section, Div. Waste & Hazardous Substances, DNREC". The user is logged in as "Nicholas" and the last login time is "03/26/2024, 02:29 PM".

The main content area is divided into two sections. On the left is a map of Delaware with various regions outlined and numbered. On the right is the "Edit My User Account Profile" form. A yellow arrow points to the "Update My Profile" tab in the top navigation bar.

The "Edit My User Account Profile" form contains the following fields:

- First Name\*: Nicholas
- Last Name\*: Butler
- Physical Address: 155 Commerce Way
- Phone\*: 302-739-9433
- Secret Question\*: What is the name of your bet? (with a "Change Secret Answer?" checkbox)
- Username\*: nicholas.butler@delaware.gov (with a "Change Password?" checkbox)

At the bottom of the form are "Cancel" and "Save" buttons. The map on the left shows a scale of 1:1383224 and coordinates: X: -8296613.13932, Y: 4911183.94740, Long.: -74.52974, Lat.: 40.31062.

Update your contact information in the portal at any time.

# Chemical Details

The screenshot displays the Delaware ARP/Tier II Reporting System interface. On the left is a map of Newark, Delaware, with a red pin marking the location of Wawa Food Market # 860. The map includes street names like Capitol Trail and Stafford Ave, and various landmarks such as parks and schools. On the right, the 'Chemical Details' panel is visible, showing the following information:

- Wawa Food Market # 860 (Facility ID: 2386)**
- 601 Ogletown Rd. Newark, Delaware 19711
- GASOLINE (8006619)**
- Parent Company:
- Type: Facility
- [Back to Chemical List](#)

The 'Chemical Description' section includes:

- CAS Number:** 8006-61-9
- Description Note:** [Cameo Data Sheet](#)
- DHS Chemical of Interest (CFATS)
- Trade Secret Present
- Chemical Name:** GASOLINE
- Changed From Last Submission:** No

The 'Chemical Added to Site Date' section includes:

- EHS
- Contains EHS
- EHS> TPQ
- EHS Name:**
- Fee Classification:** Motor Vehicle Fuel for Retail Sale
- Solid
- Liquid
- Gas
- Pure
- Mix

The 'Physical Hazards' section includes:

- Combustible dust
- Corrosive to metal
- Explosive
- Flammable (gases, aerosols, liquids, or solids)
- Gas under pressure
- Hazard Not Otherwise Classified (HNOC)
- In contact with water emits flammable gas
- Organic peroxide
- Oxidizer (liquid, solid or gas)
- Pyrophoric (liquid or solid)
- Pyrophoric gas
- Self-heating
- Self-reactive

The 'Health Hazards' section includes:

- Acute toxicity (any route of exposure)
- Aspiration hazard
- Carcinogenicity
- Germ cell mutagenicity
- Hazard Not Otherwise Classified (HNOC)
- Reproductive toxicity
- Respiratory or skin sensitization
- Serious eye damage or eye irritation
- Simple asphyxiant
- Skin corrosion or irritation
- Specific target organ toxicity (single or repeated exposure)

At the bottom of the map, the coordinates are: X: 84137.24186, Y: 482027.10406, Long.: -75.74089, Lat.: 39.68455, Scale: 1: 9600.

Look at detailed info on a specific chemical reported at a facility. Descriptions of concepts here are found in the Acronyms and Definition in the “Resources” tab.

**II. HAZARD IDENTIFICATION**

**Signal Word: Danger**

Category:	GHS Codes	Description
<b>Health:</b>	H302/H312/H332	Harmful if swallowed, inhaled, or in contact with skin.
	H314	Acid causes severe skin burns and eye damage.
	H315/H318	Causes skin irritation, serious eye damage.
	H302/H313/H332	Contact with internal components may cause irritation or severe burns.
	H350	May cause cancer if ingested or inhaled.
	H360	May damage fertility or the unborn child if ingested or inhaled.
	H373	Causes damage to central nervous system, blood and kidneys through prolonged or repeated exposure if ingested or inhaled.
	H220	Extremely flammable gas (hydrogen). May form explosive air/gas mixture during charging.
	H203	Explosive, fire, blast or projection hazard.
	H410	Very toxic to aquatic life with long lasting effects.
P260	Do not breathe dust/fume/gas/mist/vapors/spray.	
P314	If exposed/concerned, or if you feel unwell seek medical attention/advice.	
P301/330/331	<b>IF SWALLOWED OR CONSUMED:</b> rinse mouth. Do NOT induce vomiting. Call a poison center/doctor if you feel unwell.	
P303/361/353	<b>IF ON CLOTHING OR SKIN (or hair):</b> Remove/Take off immediately all contaminated clothing and wash it before reuse. Rinse skin with water/shower.	
P304/340	<b>IF INHALED:</b> Remove person to fresh air and keep comfortable for breathing.	
P305/351/338	<b>IF IN EYES:</b> Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a <b>POISON CENTER</b> or doctor/physician. May cause harm to breast-fed children.	
P311	Obtain special instructions before use.	
H362	Do not handle until all safety precautions have been read and understood.	
P201		
P202		

All chemicals have a link to the [NOAA Cameo Datasheet](#) that hosts info on common chemicals. Some chemicals have a SDS (Safety Data Sheet) attached too, providing more detailed info. SDS's will be denoted by an attachment icon next to the Chemical Name like
