

Offshore Wind Working Group

October 6, 2017

Agenda

- 9:00 Introductions and opening remarks
- 9:15 Purpose and mission of the Working Group
- 9:25 Discussion of Working Group Process
- 9:35 Key decisions facing the Working Group
- 10:20 History of Delaware/east coast offshore wind
- 10:30 Overview of the MD OREC procurement
- 11:10 Supply chain and job opportunities
- 11:30 Schedule and agenda going forward
- 11:40 Public comment
- 12:00 Adjourn

Executive Order No. 13

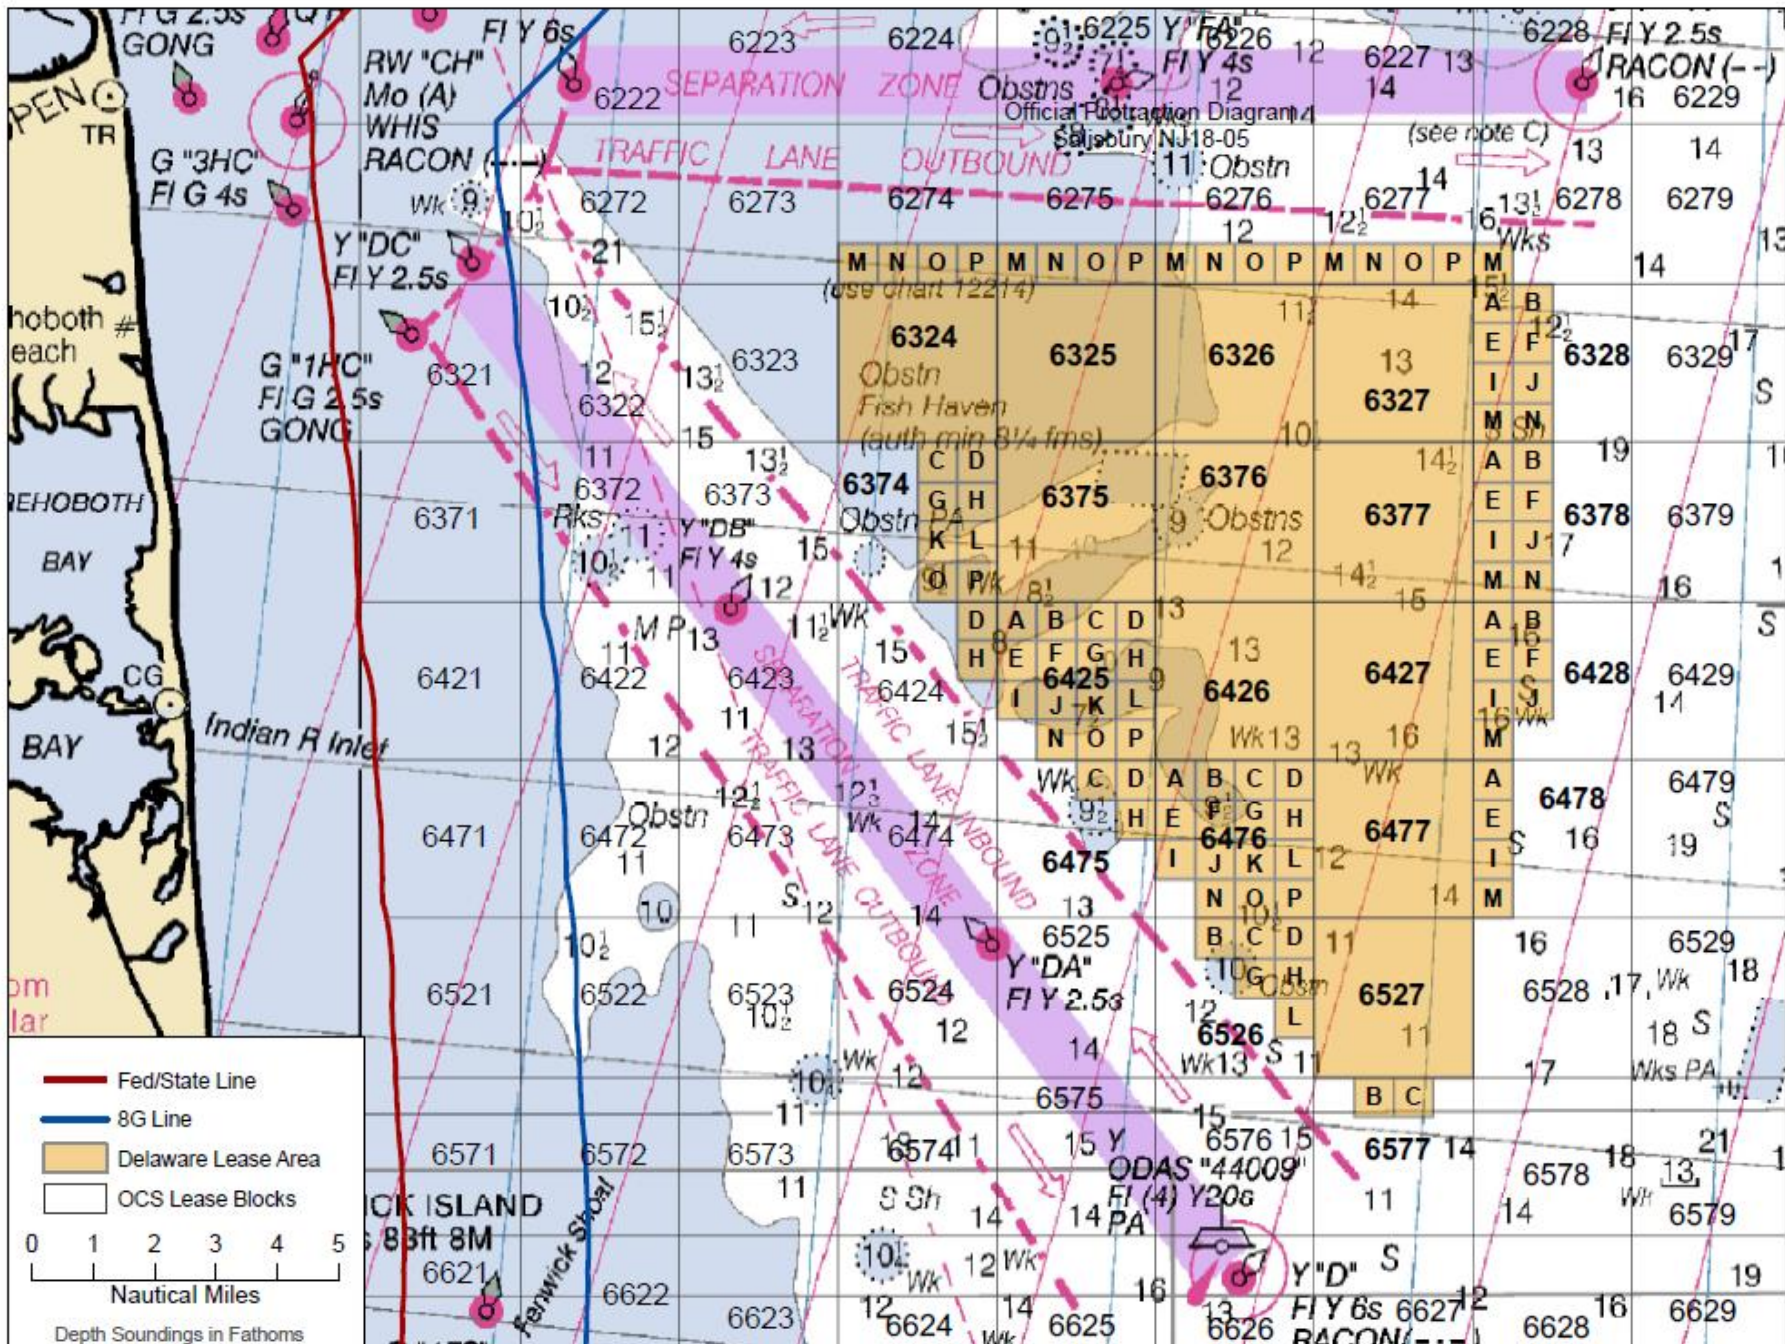

5. The Working Group will meet in September and consider the following matters:

- a. Review of the pertinent laws and regulations governing the development of renewable energy and offshore wind in particular, and recommendations of changes to laws and regulations;
- b. Review of the environmental benefits of developing offshore wind for Delaware;
- c. Review of the economic opportunities presented by the offshore wind industry;
- d. Consideration of the benefits and costs of developing offshore wind, including environmental and health benefits, energy market impacts, economic opportunities and rate impacts; and
- e. Identification of the barriers and opportunities involved in developing offshore wind to benefit Delaware.

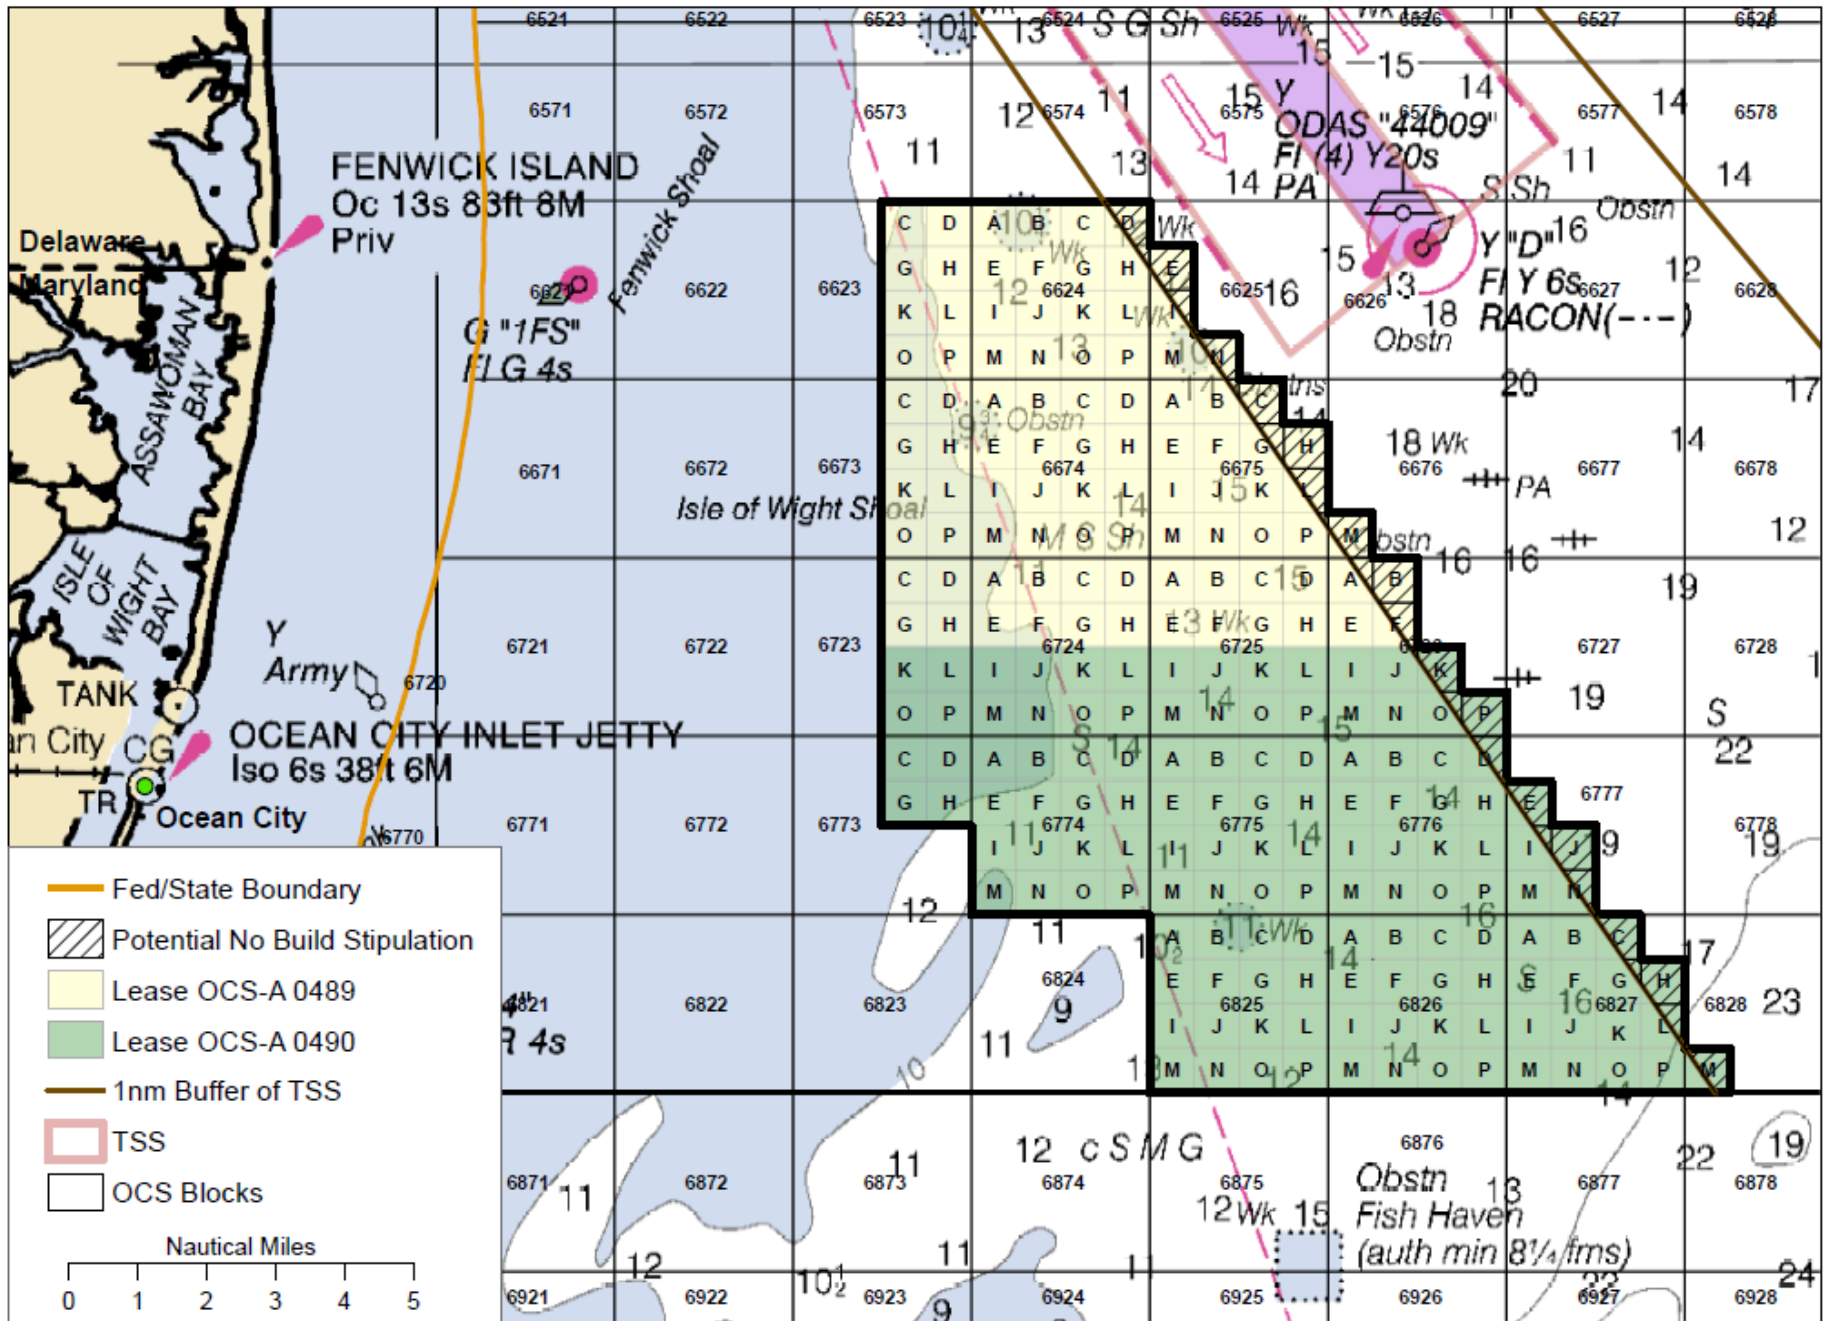

Key decisions

- ▶ Economic costs and opportunities
- ▶ Environmental benefits and risks
- ▶ Procurement scenarios (medium or longer term)
- ▶ Possible approaches to amending the RPS
- ▶ Other issues to analyze
- ▶ Data and analysis needed

Public engagement

- ▶ Public comments welcome at the end of each meeting
- ▶ Comments welcome in writing
- ▶ Written comments will be posted on webpage
- ▶ Two public comment sessions will be scheduled

Public engagement

The screenshot shows the Delaware.gov website. The top navigation bar includes the Delaware logo, "Delaware.gov", and links for "Agencies", "News", "Topics", and "Contact". Below this is a secondary navigation bar with "START HERE", "INFORMATION", "IMPROVEMENTS", "NEWSROOM", and "CONTACT". The main heading is "Offshore Wind Working Group". On the left is a "Energy and Climate Menu" with links for Home, Contact Us, Livable Climate, Renewable Energy, Energy Efficiency, Transportation, and Communities. The main content area features a large image of offshore wind turbines. Below the image, text states that the group was established by Governor Carney to study offshore wind opportunities. It also mentions that on August 28, 2017, Governor John Carney signed Executive Order 13, establishing the Offshore Wind Power Working Group. A list of goals includes studying participation and identifying economic and environmental benefits. On the right, there are sections for "Contact" and "Meetings".
