

Bipartisan Infrastructure Law & Inflation Reduction Act

Federal Grant Updates

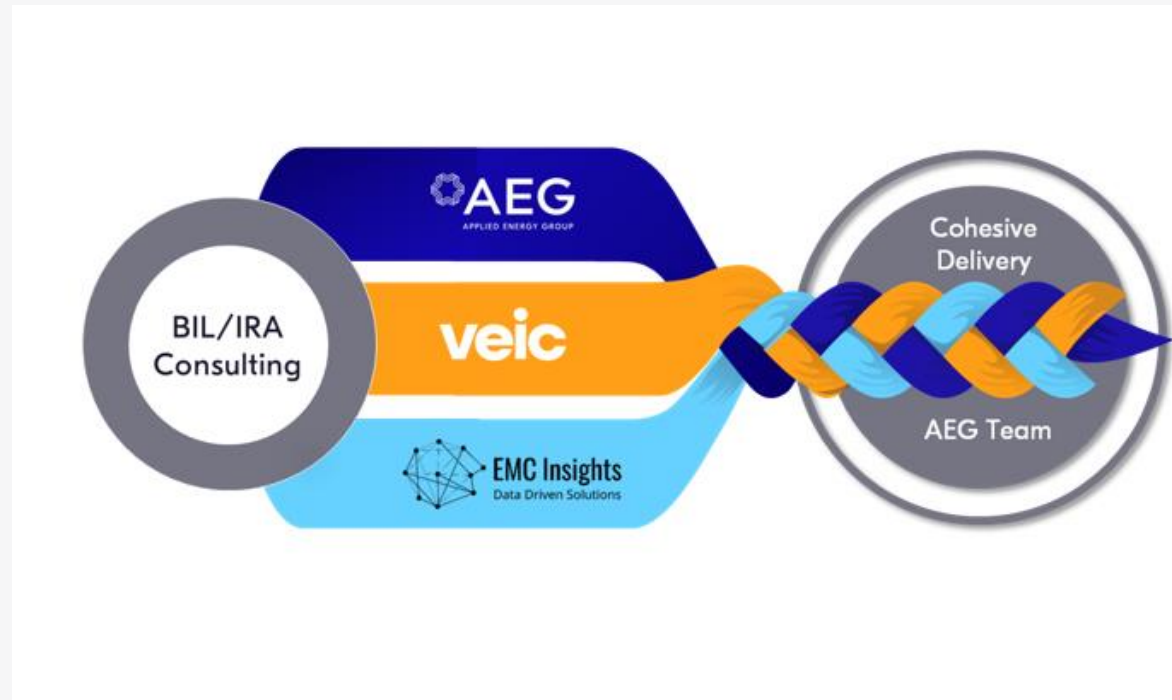

April 10, 2024

DCCE and AEG

- Division of Climate, Coastal and Energy (DCCE) has partnered with the AEG Team for Planning all federal grants under the Bipartisan Infrastructure Law (BIL) and Inflation Reduction Act (IRA) throughout 2024

Federal Grant List

BIL	IRA
Weatherization Assistance Program (WAP)	Home Efficiency Rebates
WAP Sustainable Energy Resources for Consumers (SERC)	Home Electrification and Appliance Rebates
Preventing Outages & Enhancing the Resilience of the Electric Grid	Training for Residential Energy Contractors (TREC)
State Energy Program	Energy Auditor Training (EAT)
Energy Efficiency & Conservation Block Program (EECBG)	Greenhouse Gas Reduction Fund
Revolving Loan Fund Capitalization Grant Program	

Timing

- Timing varies for the various BIL/IRA grants.

Planning

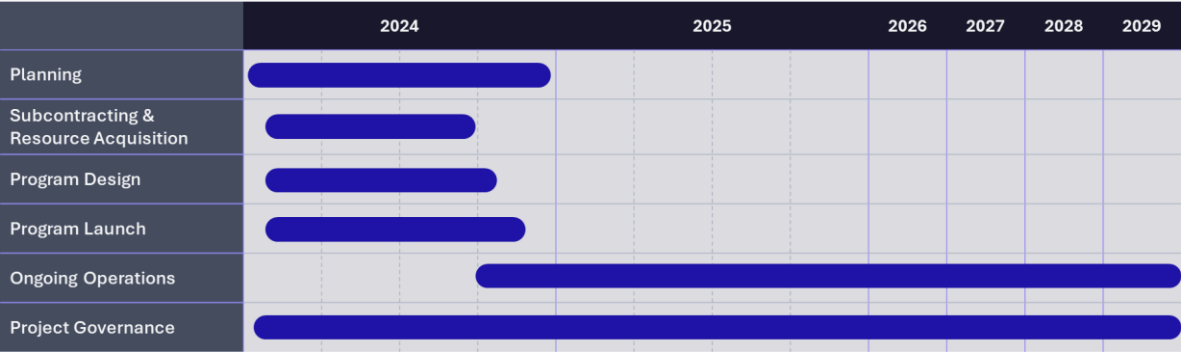

This phase will establish the path forward for management of the grant portfolio.

- Project initiation
- Project governance startup
- Analysis of funding opportunities for each grant

Execution

For each grant, this phase will include some or all of the following activities:

- Additional subcontractor procurement
 - Coordination of market players
 - Program design
 - Program launch
- Program operation and monitoring

Stakeholder Engagement

- Division of Climate, Coastal and Energy (DCCE) and/or the AEG Team may be reaching out to discuss current design and operation of programs that may have synergies with BIL and IRA funding.

Thank You.
