

Energy Efficiency Investment Fund (EEIF) Participating Contractor Application

Division of Climate, Coastal, and Energy
100 West Water Street, Suite 10B, Dover, DE 19904 Phone: (302) 735 - 3480

About

The Department of Natural Resources and Environmental Control (DNREC) provides grants through the Energy Efficiency Investment Fund (EEIF) to help C&I customers replace aging, inefficient equipment and systems with energy efficient options in existing buildings and new construction. DNREC is compiling and maintaining a list of participating contractors to make it easier for customers to find professionals to complete their projects. To be considered as an EEIF participating contractor, complete, sign, and submit this form. Please note, DNREC does not endorse or recommend specific contractors for EEIF regardless of whether they are a participating contractor.
