2309 Standards and Regulations for Subdivision Streets and State Highway Access

The Delaware Department of Transportation (DelDOT), through its Division of Planning, seeks to adopt significant general revisions to its existing regulations regarding subdivisions streets and state highway access, to broaden the title of the regulations to "Development Coordination Manual," among several other changes.

The current regulations were generally enacted in 2007, and were revised in partial form in 2010 and are being repealed in their entirety. The proposed regulations are a comprehensive re-write of the entire Section 2309 of Title 2 of the Delaware Administrative Code. The changes take into account the issues and concerns identified and addressed as needing amendment by not only DelDOT staff, but also the end users of the current regulations.

The draft regulations were published at 17 DE Reg. 1055 (05/01/14), and written comments were sought. In addition, DelDOT held three public hearings regarding the proposed regulations, the notice for which appeared in 17 DE Reg. 1204 (06/01/14). These hearings were conducted on June 9, June 16, and June 23, 2014, in Kent, Sussex, and New Castle Counties respectively.

Based on the comments received, as well as additional review and input within the Department, DelDOT is now seeking additional comments regarding substantive changes made in the draft regulations issued May 1, 2014. Therefore, the regulations are being re-proposed.

The Department is also publishing another version of the draft regulations at its own website, which will show the changes between the version first proposed in 17 DE Reg. 1055 and the current proposed revisions to that draft. This

version can be seen at:

<http://www.deldot.gov/information/business/subdivisions/changes/index.shtml>

The Department will take comments on the Regulations through December 31, 2014. The public may submit their comments to Marc Coté, P.E., Assistant Director for Development Coordination, via email (Marc.Cote@state.de.us) or in writing to his attention, Division of Planning, DeIDOT, P.O. Box 778, Dover, DE 19903.

**DIVISION OF TRANSPORTATION SOLUTIONS
PUBLIC NOTICE
2406 Policies and Procedures for Acquisition of Certain Real Property Interests**

The Department has broad statutory authority to acquire property in connection with state highway projects. However, an "Advanced Acquisition Committee" must review certain acquisitions of real property. The Department adopted past policies governing such acquisitions; nonetheless, these existing policies only applied to purchases of "fee simple" interests, and did not expressly apply to reservation agreements. In addition, while the Committee has the statutory authority to determine whether certain acquisitions are consistent with state planning goals, it does not have the power to determine the merits of such transactions.

The 2011 regulations were intended to implement specific recommendations for advanced acquisitions set forth in the Report of the Governor's Chief of Staff to Governor Markell dated January 7, 2011 (the "Report"). Specifically, the regulations would (1) require that the Committee review not only advanced acquisitions, but reservation agreements as well; (2) provide a process for the Committee to review the merits of reservation agreements; (3) require the Department to obtain independent appraisal for advanced acquisitions and reservations; (4) require that advanced acquisitions and reservations be reviewed by legal counsel; (5) require that the terms of advanced acquisitions and reservations be reflected in an agreement signed by the Department and the property owner; and (6) set out the process for the Committee to conduct its consistency review of certain real property acquisitions proposed by the Department, as contemplated by 17 **Del.C.** §137(a)(2).

These draft regulations appeared in the Delaware *Register of Regulations* on February 1, 2011, at 14 **DE Reg.** 800, and the written comment period ended March 5, 2011.

No comments were received.

Nonetheless, these regulations were not adopted. Instead, additional proposed regulatory changes were discussed with the Advanced Acquisition Committee during 2011, as well as among Department staff. No further action toward adoption took place thereafter, however.

The Department has now determined to go forward with draft regulations regarding the Committee and its oversight of this aspect of the Department's responsibilities. The new draft regulations incorporate and amend the prior draft regulations published in 14 **DE Reg.** 800, taking into account changes in the Department's management structure since that time, and add new provisions to reflect past discussions among the Administration, the Department, and the Committee. Among other alterations, these revised proposed regulations deal with certain special property acquisitions that are not necessarily tied to a particular project location, as is usually the case for properties it acquires for most highway-related projects. This draft incorporates these additional provisions.

The Department will take written comments on the proposed Regulations Establishing Policies and Procedures for Acquisition of Certain Real Property Interests from December 1, 2014 through December 31, 2014.
