

Department of Natural Resources and Environmental Control Tank Management Section 391 Lukens Drive New Castle, DE 19720 302-395-2500 (phone) 302-395-2555 (fax) www.dnrec.delaware.gov/Tanks/

## **30-Day Inspection Record for Pressurized Piping Release Detection (RD)** (Also use for Double Walled Suction Piping RD) YEAR:

Facility Name:\_\_\_\_\_

Facility ID#:\_

Release Detection Method:

If piping associated with individual tanks pass on separate days, indicate date, along with "P", in the tanks' column.

		UST System (Piping) (Enter "P" for PASS/ NO RELEASE DETECTED or "F" for a FAIL/ SUSPECTED OR CONFIRMED RELEASE, if "F" Describe Action Taken)				
Month/ Day	Initials	UST # Product: (P/F)	UST # Product: (P/F)	UST # Product: (P/F)	UST# Product: (P/F)	If "F"- Action Taken

The Line leak detector and all interstitial monitoring equipment must be tested by a certified technician annually.

If at any time a release is suspected, call the Tank Management Section within 24 hours or by the next business day, at (302)-395-2500. If you confirm a release has occurred after TMS operating hours, call the DNREC Emergency Hotline, at 1-800-662-8802.

This form and any associated release detection documents (ATG printouts, SIR records, equipment test results) must be kept on file for the life of the UST System.
